

PUBLIC ANNOUNCEMENT
SOLICITATION OF HVAC, ELECTRICAL AND PLUMBING CONTRACTORS

Bell-Whitley Community Action Agency, Inc. announces that licensed and insured HVAC, Electrical and Plumbing contractors are being solicited to provide contracting services for the Bell-Whitley CAA weatherization department. Services will include but not limited to installation and/or repair of home energy heating systems, installation of exhaust fans and domestic water heater systems. Interested contractors must fill out reference forms and sign a contract with Bell-Whitley CAA. All contractors must also meet certain training and certification requirements. Training requirements include; mold and mildew awareness, asbestos, CPR/First Aid, OSHA 30-hour construction course, lead based paint, and certified lead renovator training. All contractors must be or willing to obtain their EPA lead safe firm certification.
